

Automotive Trainer - Job ID 11469

Livonia, MI

Removal Date: August 7, 2016

ROUSH CleanTech is the latest company within the ROUSH family that focuses exclusively on alternative fuels and the promotion of clean transportation alternatives. Bringing 35 years of automotive expertise to the alternative fuels marketplace, our focus is on developing the most innovative and reliable alternative fuel solutions for light- and medium-duty vehicles.

By designing, engineering, manufacturing, and assembling quality alternative fuel systems for light- and medium-duty trucks and vans, ROUSH CleanTech offers a seamless operational experience while lowering a vehicle's environmental impact and a fleet's operating costs.

Roush has an immediate need for an Automotive Trainer with a solid mechanical background and strong communication skills. The Automotive Trainer would assist in the development of training materials, assist in scheduling/setting up web-based training, conduct in-person training sessions and communicate with automotive dealerships about servicing ROUSH products. Our ideal applicant will have a strong ability to learn technical automotive information and communicate it clearly to others. A qualified Automotive Trainer will also be: well organized, task oriented, able to demonstrate strong follow through, and a strong technical understanding. This position is based in Livonia, Michigan.

Qualifications:

- Minimum high school diploma.
- 1 - 3 years of experience in the automotive field
- Previous experience in classroom instruction, presentation skills and hands-on training delivery
- Previous experience troubleshooting late-model engine drivability concerns
- Previous experience with OBDII scan tools
- Proficient with Outlook, Word, Excel, PowerPoint
- Excellent verbal and written communication skills
- Demonstrated ability to interact professionally with all levels of employees and with customers
- Must have valid driver's license and clean driving record
- Willing to travel up to 75% when needed

Preferred Skills:

- Associate's degree in a technical related field
- Experience with liquid propane gas (LPG) and/or compressed/liquid natural gas (CNG/LNG)
- Experience working with Automotive dealership service personnel
